

The Word in Song

songs for meditation, memorisation and worship

The Word in Song team is working on putting every key verse in the Bible into song. Their hope is that these songs will be played in people's homes so that they can memorise God's promises and put them into action in their daily living.

"There is something wonderful about music that can take the word of God and embed it into peoples' hearts," says project coordinator Cedric Taylor.

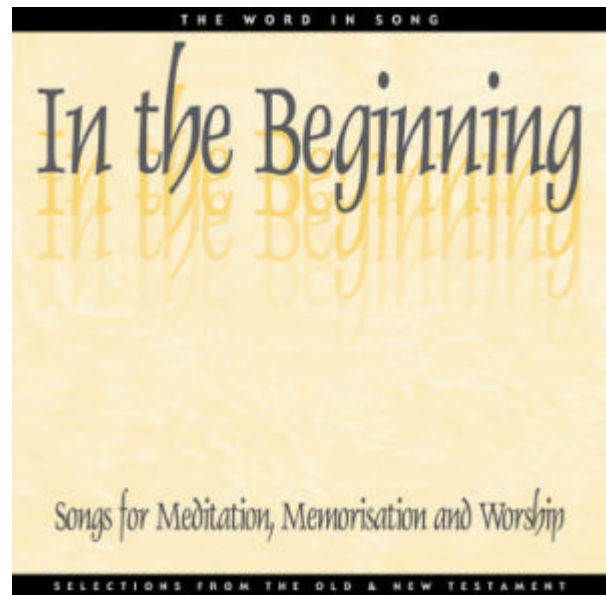

"Each CD contains the key verses from a book in the bible set to song in a refreshing and catchy way. The words are straight from the Bible, and the tunes are easy to remember. These CD's are a wonderful aid to memorization, meditation and personal worship.

"In this fast paced world, people are sitting down to read the bible less and less. Our dream is that people, young and old, will use these songs to help them memorise the truth and promises of God, and this in turn will help them claim the promises of God daily in their lives."

"The Kids Word in Song" series features the Gospels - Matthew, Mark Luke and John with each song set into the context of the wonderful

stories of Jesus, focussing on the Gospels with Acts and Genesis shortly to follow. For the kids, each song is preceded by a short story.

The Word in Song is ideal for RE teachers, home schoolers or anyone serious about Christian parenting.
